Fixed Rate	<ul style="list-style-type: none">• A home loan suitable for customers seeking certainty of fixed repayments over a set term up to 5 years. Ability to link a Wealth Package to get a waiver of certain fees and further interest discounts in addition to standard package benefit (annual fee applies). This product does not provide access to an Everyday Offset.• The Fixed Rate product allows you to make additional repayments of up to \$10,000 in each year of your fixed rate loan. However, any additional repayments you make are not available to redraw during the fixed rate term. Your redraw balance will reduce with your contracted remaining loan term.• During the fixed rate term you will have two fixed interest rates. The interest rate applicable will depend on the repayment type you select during the fixed rate term – Principal and Interest or Interest Only (for Interest in Advance just the Interest Only option applies).• If you break the fixed rate term, by switching, topping up or prepaying your loan in full or partially, and the bank suffers a loss, an Administrative Fee and Early Repayment Adjustment (ERA) will apply. The ERA is calculated by reference to the remaining fixed term, outstanding loan balance and changes in wholesale market interest rates. The ERA can be significant (thousands of dollars or more). An ERA will not apply if your switch is a change to your repayment type only (except for Interest in Advance).• Please note, fixed rates are subject to change up until funding.• Our Rate Lock option allows you to lock your reference interest rates on new Fixed Rate home loan and Fixed Rate Investment home loan applications for 90 days for a non-refundable fee, charged per fixed rate loan account.• Rate Lock can be requested any time before loan documents are issued and the reference interest rates applicable to your Rate Lock will be on the date we receive the completed Rate Lock consent from all applicants.• Rate Lock isn't applicable for Home Seeker applications, switching, splitting, top-ups, loan purposes transfers or repayment changes. Home seeker applications are not eligible for Rate Lock and the rate discussed during the application is unable to be locked in. If your application involves a purchase, you must provide a signed Contract of Sale to us before requesting Rate Lock.• The Rate Lock fee will be debited from your Related Account when the Rate Lock request is processed. If there are insufficient funds in that account, or the account is no longer open, then the Rate Lock fee will be charged to your home loan and your home loan will go into arrears (and fees may be charged). The 90 days commences when the Rate Lock request is processed.• If Rate Lock expires on a non-business day, the expiry will be extended out to the next business day.• If we have agreed to 'Rate Lock' and the reference interest rates decrease, you do not automatically receive the lower rates. However, you can ask us, before the funding date, to break the Rate Lock and revert to the reference interest rates available on the funding date. The Rate Lock Fee will not be refunded.

Feature	Things you need to know
Interest Only (Including Interest in Advance)	<ul style="list-style-type: none"> During an Interest Only period, your Interest Only payments will not reduce your loan balance. We have different reference rates that apply, depending on whether you are making Interest Only payments or Principal and Interest repayments. Consequently, the reference interest rate that will apply during the Interest Only period will be different to the reference rate that will apply at the end of the Interest Only period, when your loan reverts to Principal and Interest repayments. At the end of an Interest Only period, your repayments will increase to cover Principal and Interest components. The Principal and Interest repayments will be higher than they would be if you did not have an Interest Only period during the life of the loan. For an owner occupied home loan the total maximum Interest Only period is 5 years over the life of the loan. For an investment home loan the total maximum Interest Only period is 10 years, with a maximum of 5 years at any one time. Interest Only is not available when the remaining contracted loan term is 5 years or less.

If you increase your loan, it will increase the interest being charged and will generally increase your loan repayments. Please ensure that this is suitable for your current and future needs. If using top up for a purchase such as a holiday or a vehicle, you accept that the length of time you will be making repayments on your home loan could be significantly longer than the life of the purchase.
